

AgiiPlus Investor Presentation

November 2021

Disclaimer

This Presentation has been prepared by AgiiPlus Inc. (the “Company”) and Goldenbridge Acquisition Limited (the “SPAC”) in connection with a potential business combination involving the Company and the SPAC (the “Transaction”) and is preliminary in nature and solely for information and discussion purposes and must not be relied upon for any other purpose.

The “Presentation” that follows shall mean and include the slides that follow, the oral presentation of the slides by members of the Company or the SPAC or any person on their behalf, the question-and-answer session that follows that oral presentation, copies of this document and any materials distributed at, or in connection with, that Presentation. By participating in the meeting, or by reading the Presentation slides, you will be deemed to have (i) agreed to the following limitations and notifications and made the following undertakings and (ii) acknowledged that you understand the legal and regulatory sanctions attached to the misuse, disclosure or improper circulation of this Presentation.

Neither this Presentation nor any of its contents may be disclosed or used for any purposes other than information and discussion purposes without the prior written consent of the Company and the SPAC. You agree that you will not copy, reproduce or distribute this Presentation, in whole or in part, to other persons or entities at any time without the prior written consent of the Company.

This Presentation does not constitute an offer or invitation for the sale or purchase of the securities, assets or business described herein or a commitment of the Company or the SPAC with respect to any of the foregoing, and this Presentation shall not form the basis of any contract. The Company and the SPAC expressly reserve the right, at any time and in any respect, to amend or terminate this process, to terminate discussions with any or all potential investors, to accept or reject any proposals and to negotiate with, or cease negotiations with, any party regarding a transaction involving the Company and the SPAC. In connection with the Transaction, AgiiPlus Global Inc. will file a proxy statement/prospectus on Form F-4 relating to the business combination and other relevant documents with the U.S. Securities and Exchange Commission (“SEC”). Promptly after the registration statement is declared effective, the SPAC will mail the proxy statement/ prospectus and a proxy card to each shareholder entitled to vote at the extraordinary general meeting. You are urged to read the proxy statement/prospectus and any other relevant documents (including any amendments or supplements thereto) filed with the SEC when they become available because, among other things, they will contain updates to the financial, industry and other information herein as well as important information about the SPAC, the Company and their contemplated Transaction.

This Presentation does not purport to contain all information that may be required or relevant to an evaluation of the Transaction, and you will be responsible for conducting any investigations and analysis that it deems appropriate and for seeking independent advice as to the legal, tax, accounting, financial, credit and other related advice with respect to the Transaction.

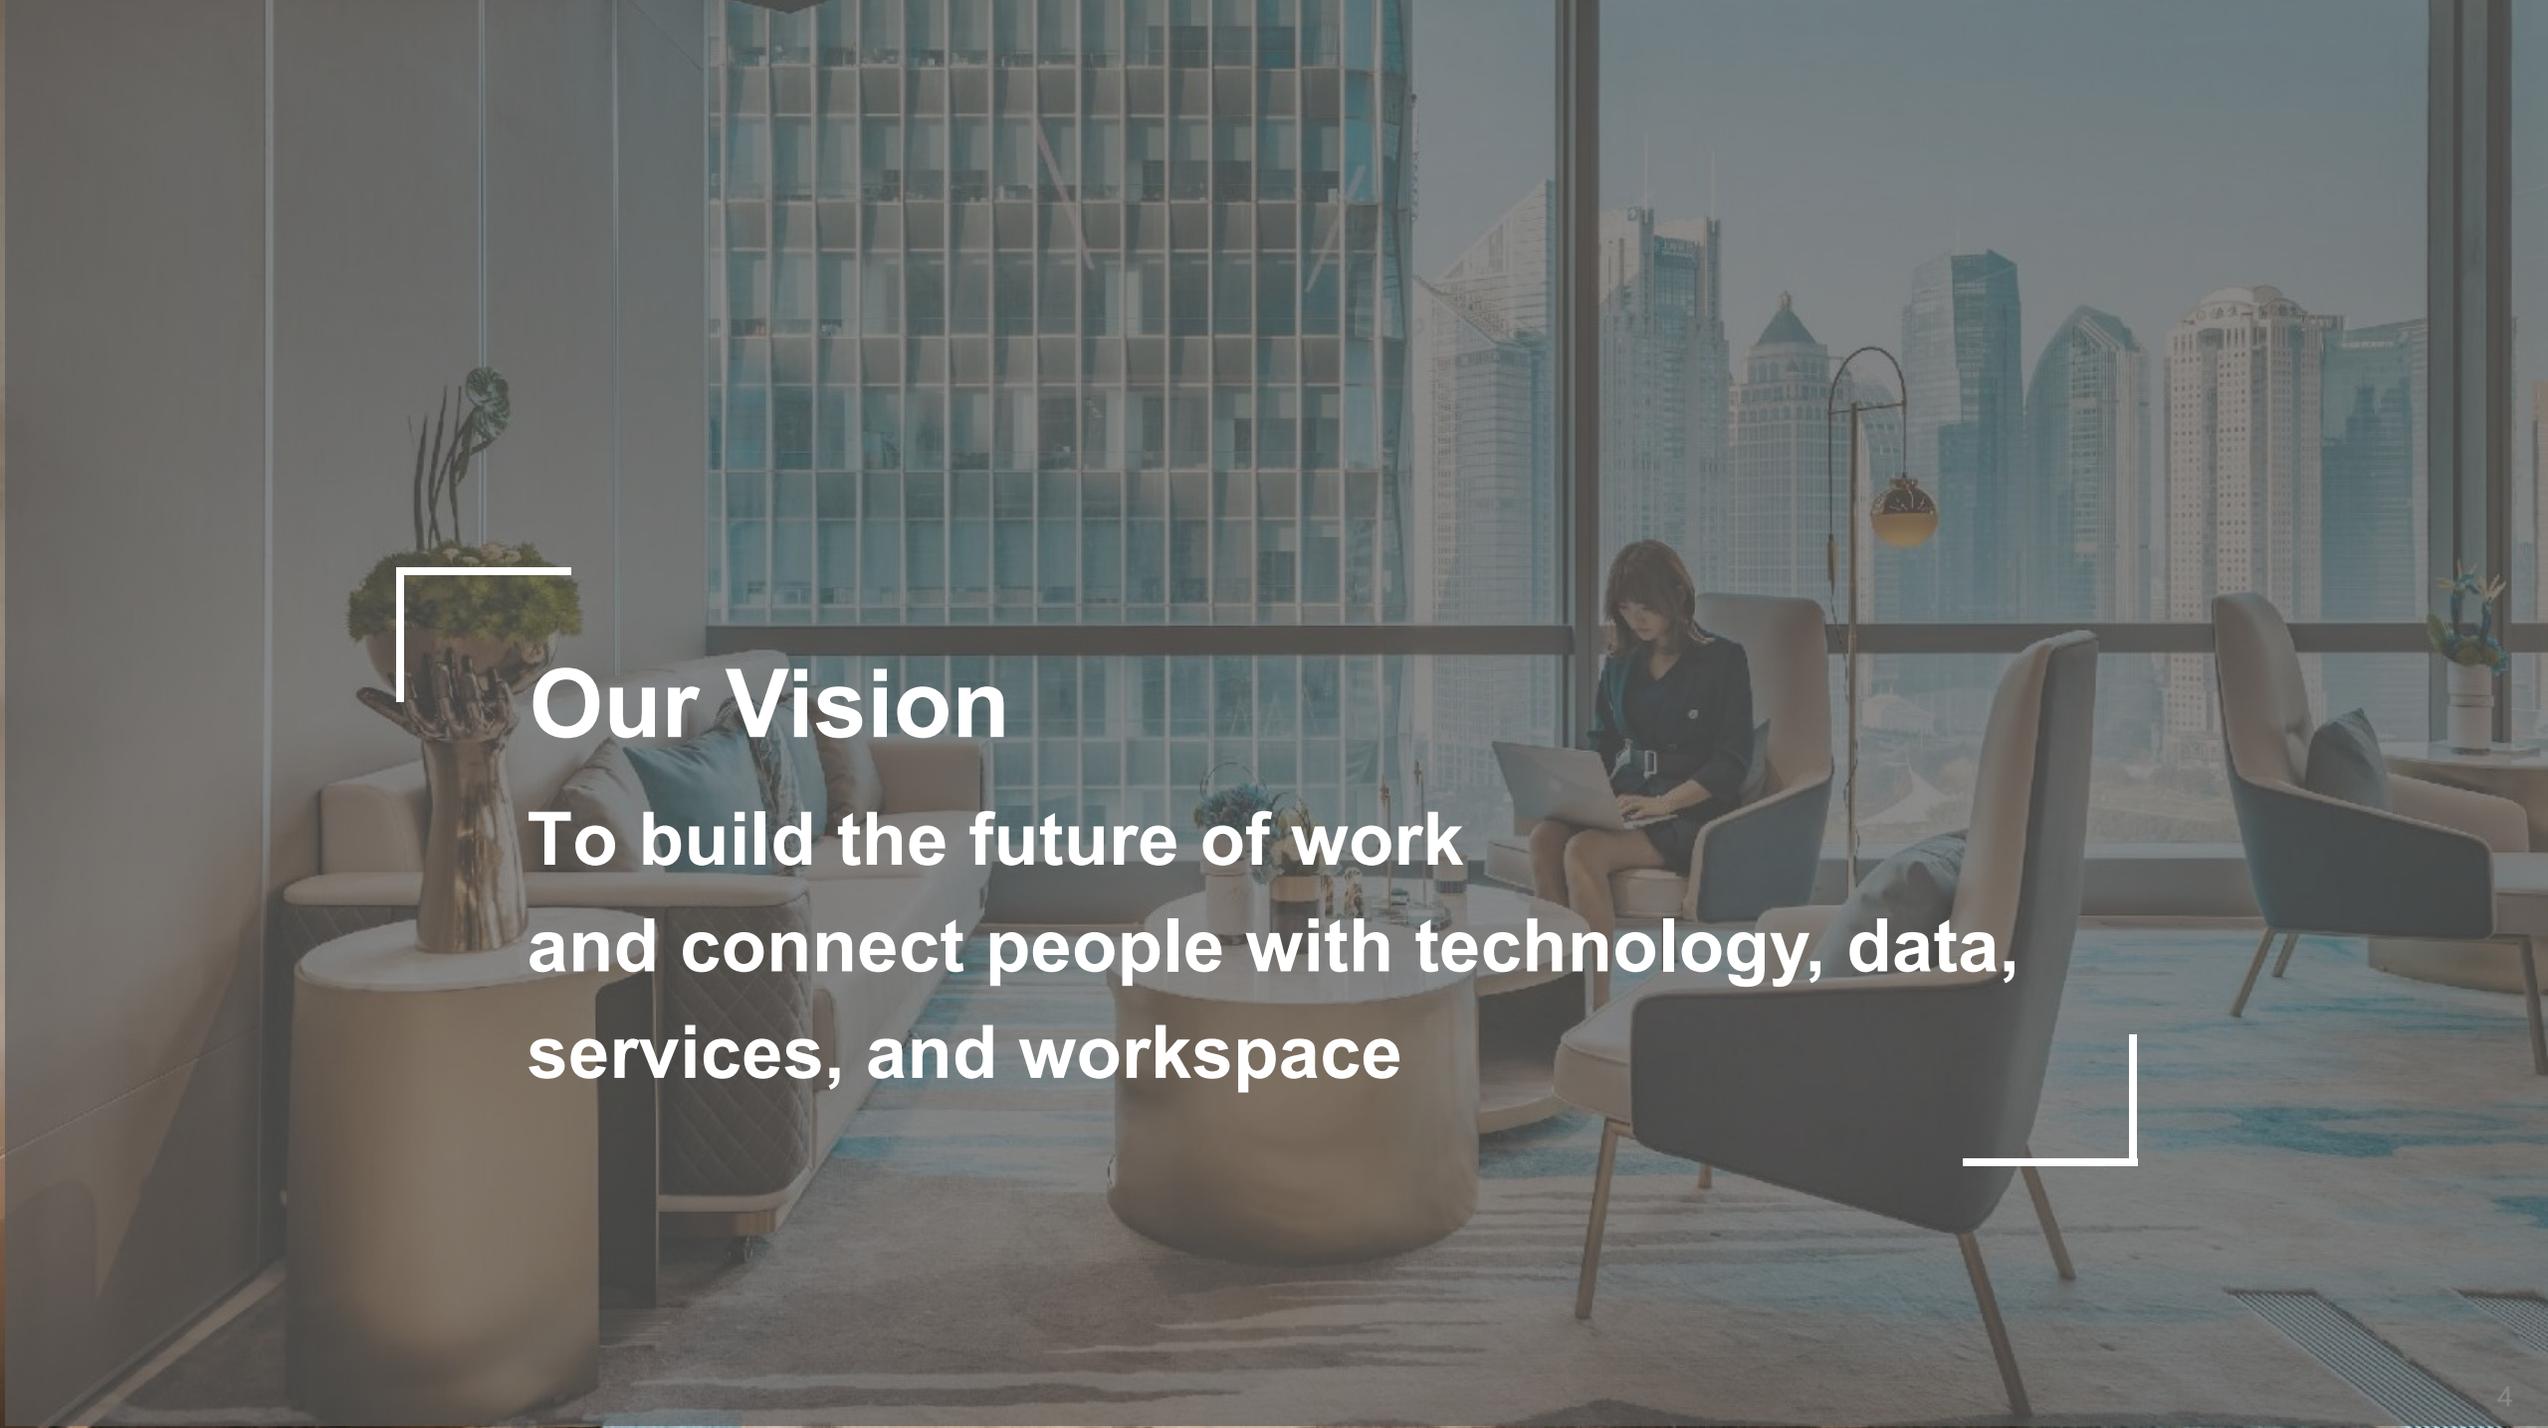

The Company and the SPAC reserve the right to amend or replace this Presentation at any time but none of the Company or the SPAC, their respective subsidiaries, affiliates, legal advisors or financial advisors shall have any obligation to update or supplement any content set forth in this Presentation or otherwise provide any additional information to you in connection with the Transaction should circumstances, management’s estimates or opinions change or any information provided in this Presentation become inaccurate.

Disclaimer (Cont'd)

Forward-Looking Statements

This Presentation contains certain forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, and also contains certain financial forecasts and projections. All statements other than statements of historical fact contained in this Presentation, including statements as to future results of operations and financial position, planned products and services, business strategy and plans, objectives of management for future operations of the Company, market size and growth opportunities, competitive position and technological and market trends, are forward-looking statements. Some of these forward-looking statements can be identified by the use of forward-looking words, including “anticipate,” “expect,” “suggests,” “plan,” “believe,” “intend,” “estimates,” “targets,” “projects,” “should,” “could,” “would,” “may,” “will,” “forecast” or other similar expressions. All forward-looking statements are based upon current estimates and forecasts and reflect the views, assumptions, expectations, and opinions of the SPAC and the Company as of the date of this Presentation, and are therefore subject to a number of factors, risks and uncertainties, some of which are not currently known to us. You should carefully consider the risks and uncertainties described in the “Risk Factors” section of the proxy statement/prospectus on Form F-4 relating to the business combination, which is expected to be filed with the SEC, and other documents filed from time to time with the SEC. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements.

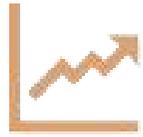

All forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by the risk factors aforementioned. These forward-looking statements speak as of the date hereof. Other than as required under the securities laws, and regulations and rules, the Company, the SPAC and any of the irrelative affiliates does not assume a duty to update these forward-looking statements to reflect future events or circumstances.

A modern office lounge with a woman working on a laptop, overlooking a city skyline. The room features a light-colored sofa, a round coffee table, and several armchairs. A large window provides a view of a dense urban landscape with various skyscrapers. The overall atmosphere is professional and contemporary.

Our Vision

To build the future of work
and connect people with technology, data,
services, and workspace

Company Milestones

AgiiPlus was founded in 2016 in Shanghai. Over the past years, we have evolved into one of the fast-growing work solutions providers with one-stop solution capability in China and Singapore.

DISTRii 办伴

- DISTRii launched in Jan.
- 1st workspace in Shanghai
- Angel Round

2016

- Expanded Beijing market
- Launched smart building business by setting up technology team
- Pre A & A Rounds

2017

- Expanded to Singapore
- Launched SPACii to initiate smart building and renewal solutions

2018

- Started asset-light model partnerships with top tier property owners
- Established team providing various services for enterprises
- A+ Round

2019

MAXOFFICE 堂堂办公

- Launched MaxOffice SaaS-based platform
- Obtained business growth under COVID-19 impact

2020

- Restructured to AgiiPlus Group
- Announced entry into merger agreement with the SPAC

2021Q3

1. Market Opportunity

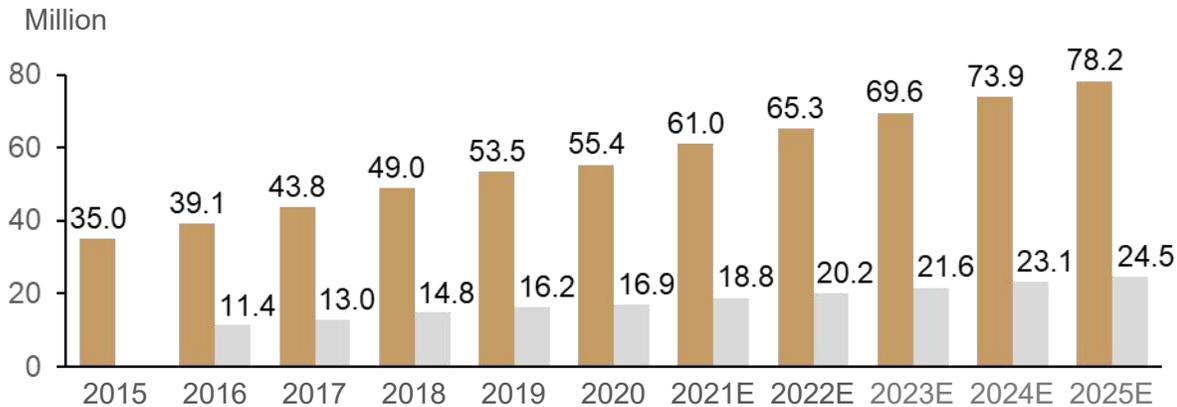

Strong New Economy Performance and Increasing Urbanization

- According to Frost & Sullivan, the GDP of high value-added industries represents the economic activities with high value-added potential and high aggregation, including emerging industry, new business forms, and new business models, all of which have strong demand for office space and service.
- Driven by the continuous economic growth in the PRC, the urbanization rate increased continuously in recent years. From 2015 to 2020, the urbanization rate increased from approximately 56.1% to approximately 63.9% in 2020, at a CAGR of 2.6%. Along with the expected GDP growth in the coming years, the urbanization rate in the PRC is estimated to reach 70.0% in 2025 at a CAGR of 1.8% from 2020 to 2025.

GDP (Tertiary Industry) and GDP (High Value-Added Industries) in China

	CAGR	2015–2020	2020–2025E
■ GDP (Tertiary Industry)		9.6%	7.1%
■ GDP (High Value-Added Industries)		10.5% (2016-2020)	7.7%

Note: The Earliest Statistical Year for the GDP (High Value-added Industries) is 2016.

Urbanization Rate in China

	CAGR	2015–2020	2020–2025E
■ Urbanization Rate		2.6%	1.8%

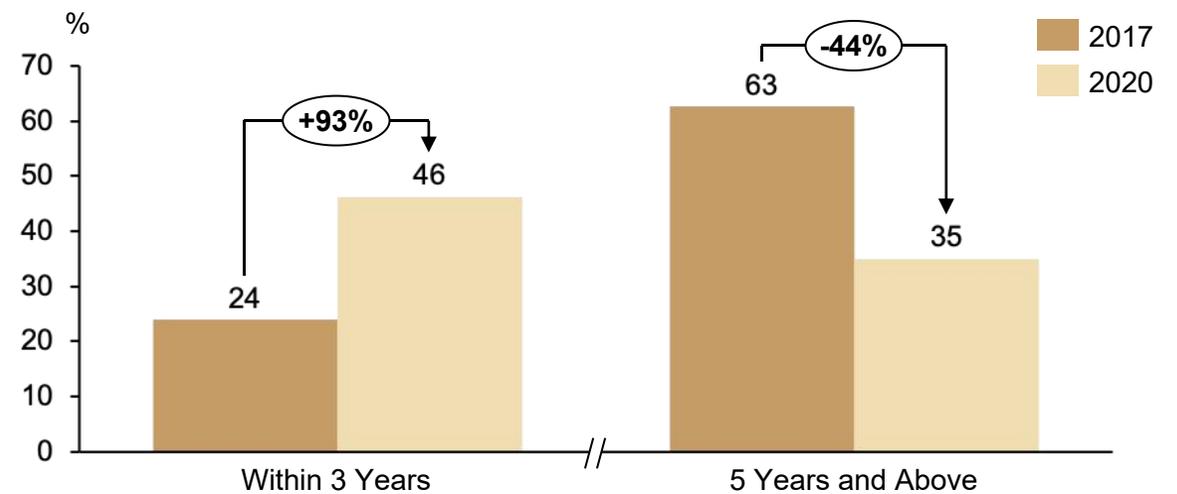

Companies are Growing and Faster: Cycle for Workspace Turnovers

- As a result, newly registered market entities will bring huge market demand for working spaces, especially flexible working spaces, in the market that would boost the development of the flexible workspace industry.
- Between 2017 and 2020, the number of companies with three years of workspace turnovers increased by 93%, while the number of companies with more than five years of workspace turnovers fell by 44%.

Number of Newly Registered Market Entities

Frequency of Workplace Changes in Sample Enterprises (N=300)

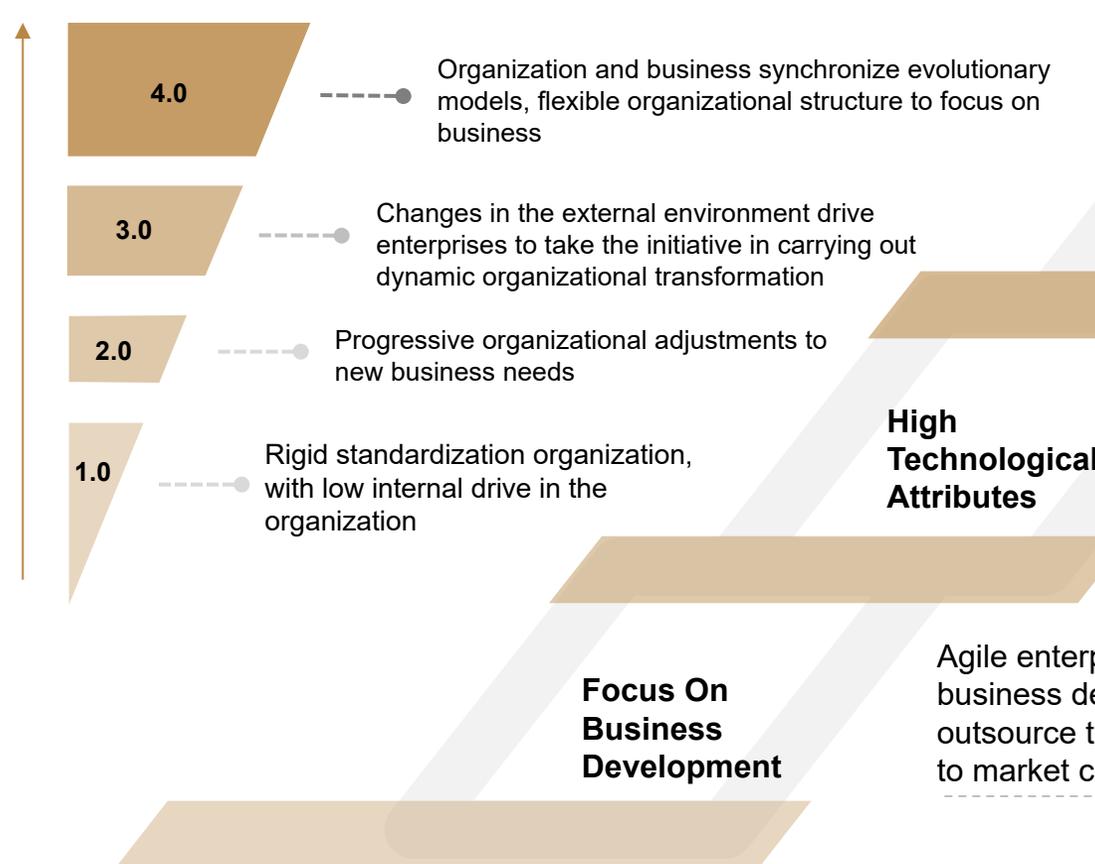

Note: The sample was selected by Frost & Sullivan Interview Executive Based on industry characteristics, and the industry distribution of the sample enterprises was relatively dispersed, including most of the industries of the office tenants, and the statistically significant impact of industry differences in the sample enterprises on the overall results was minimized.

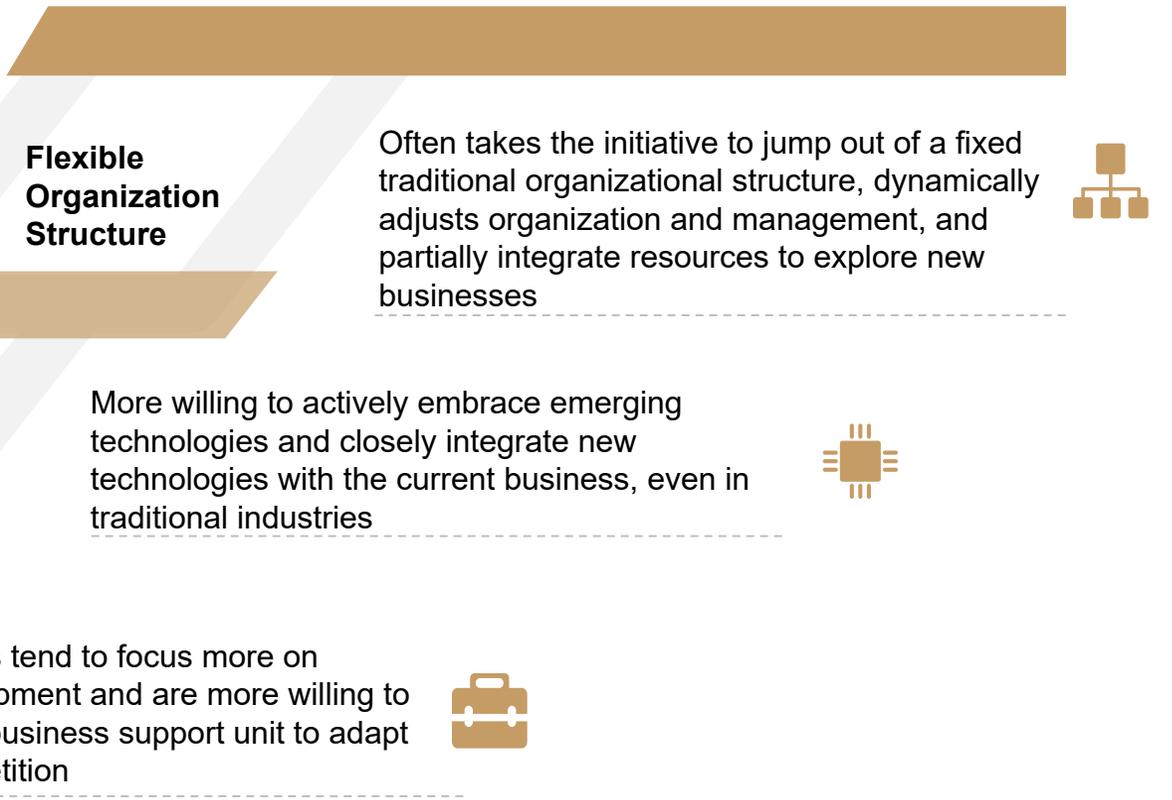

Macro Tailwinds: Rapid-Change, Quick-Pivot Enterprises Booming

- Rapid-change, quick-pivot enterprises refers to enterprises actively embracing industry changes and making an agile transformation in organizational structure and management.
- Rapid-change, quick-pivot enterprises are more flexible with office needs and require one-stop solutions that can dynamically meet the evolving conditions in their development life cycle.

● Evolution Of Enterprise Organizations (From 1.0 to 4.0)

● Three Characteristics of a Rapid-Change, Quick-Pivot Enterprise

2. Company Overview

Business Model: Full Spectrum Work Solutions Driven by S²aaS

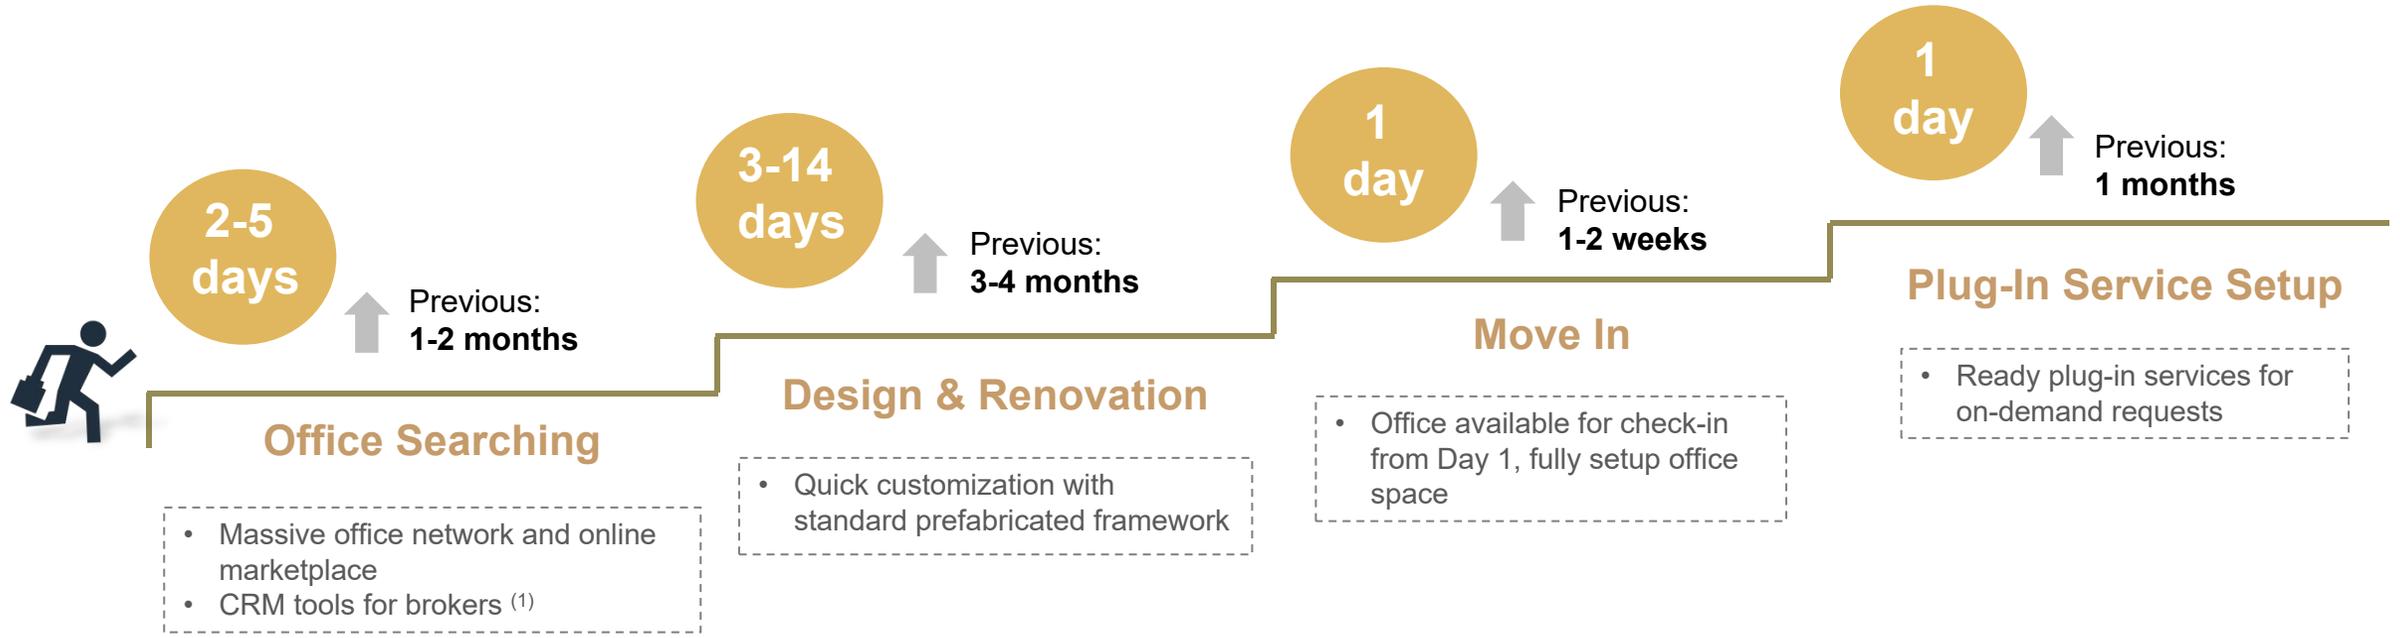

AgiiPlus has established an innovative business model called “S²aaS - Space & Software As A Solution,” which combines “Software As A Service”, or SaaS, and “Space As A Service”. This business model relies on proprietary technology, SaaS-based systems, and high-quality physical workspace to provide customers with integrated work solutions for optimal work efficiency.

S²aaS = Space & Software as a Solution

One-Stop Solutions for Fast-Change Enterprises Pursuing Higher Work Efficiency

4. Growth Strategy

Geographic Expansion

Leading In China

- Further expand and maintain leading position in tier-one cities ⁽¹⁾
- Establish national network by expansion into more new tier-one cities ⁽²⁾
- Grow asset-light business model by engaging qualified partners and intergradation of service providers

Overseas Expansion

- Leverage on existing Singapore center to grow business across Asia Pacific region
- Acquire or partner with overseas operators to drive global presence

Enhance Technology Capability

Upgrade Technology

- Enhance existing systems and adopt industry leading technologies
- Establish consolidate big-data platform and further develop advanced technology tools to drive business growth

Expand SaaS for Higher Growth

- Enhance operation and upgrade our platform to engage more external agents and business partners
- Attract more customer traffic from emerging social media and touchpoints
- Offer more corporate services and further enlarge the customer pool

Enhance Services Capability

Offer More Service Products

- Offer more corporate services by self-built or acquisition of existing business operators
- Centralize resources to develop high value added services as key driver for revenue growth

Engage External Partners

- Engage more external partners into both SaaS platform and our physical offices
- Enlarge overall customer base by integrating prospective customers from external partners
- More revenue and dataflow from extensive services

M&A Opportunities

Acquire Other Workspace Operators and Service Providers

- Speed up the expansion into national wide network by M&A opportunities, including acquiring local workspace operators and service providers with strong regional presence
- Strengthen our industry position and expand geographic coverage in a more efficient path

Investment in Companies with Complementary Business

- Seek investment opportunity into companies with products or services complementary to our business

Note: (1) Tier-one cities refer to the most developed cities in China, namely Beijing, Shanghai, Guangzhou and Shenzhen.

(2) New tier-one cities refer to the relatively developed cities following the tier-one cities in China, namely Chengdu, Hangzhou, Nanjing, Qingdao, Kunming, Shenyang, Tianjin, Wuhan, Xi'an, Changsha, Chongqing, Suzhou, Ningbo, Zhengzhou, Dongguan.

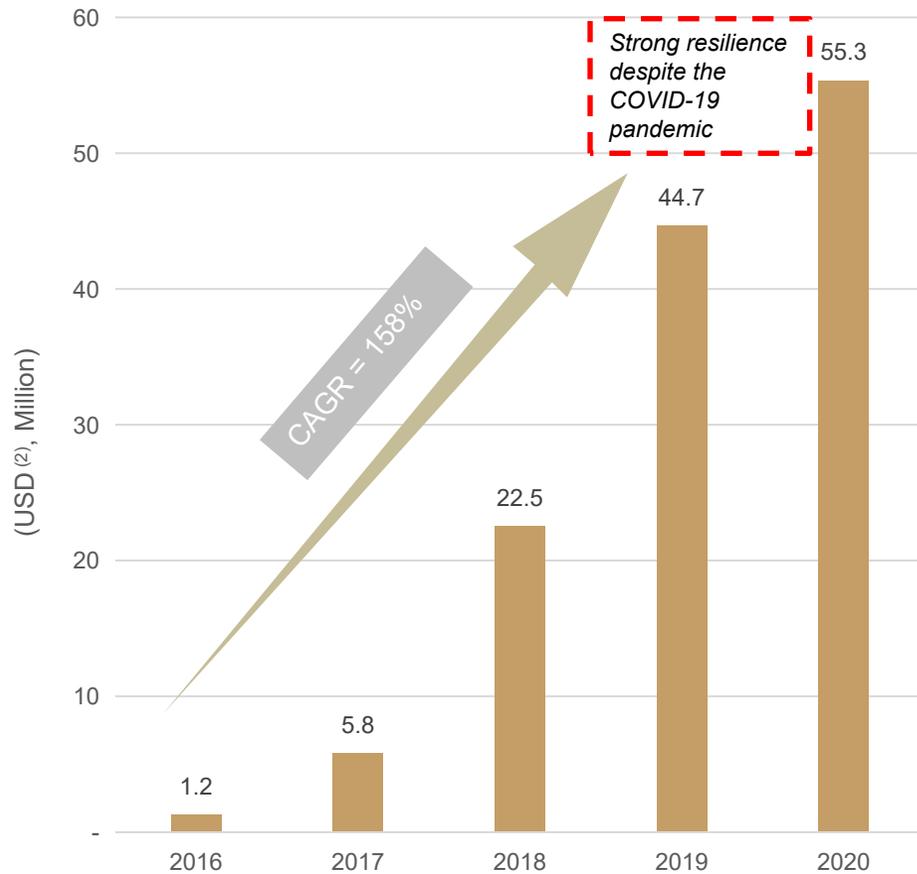

5. Financial Overview

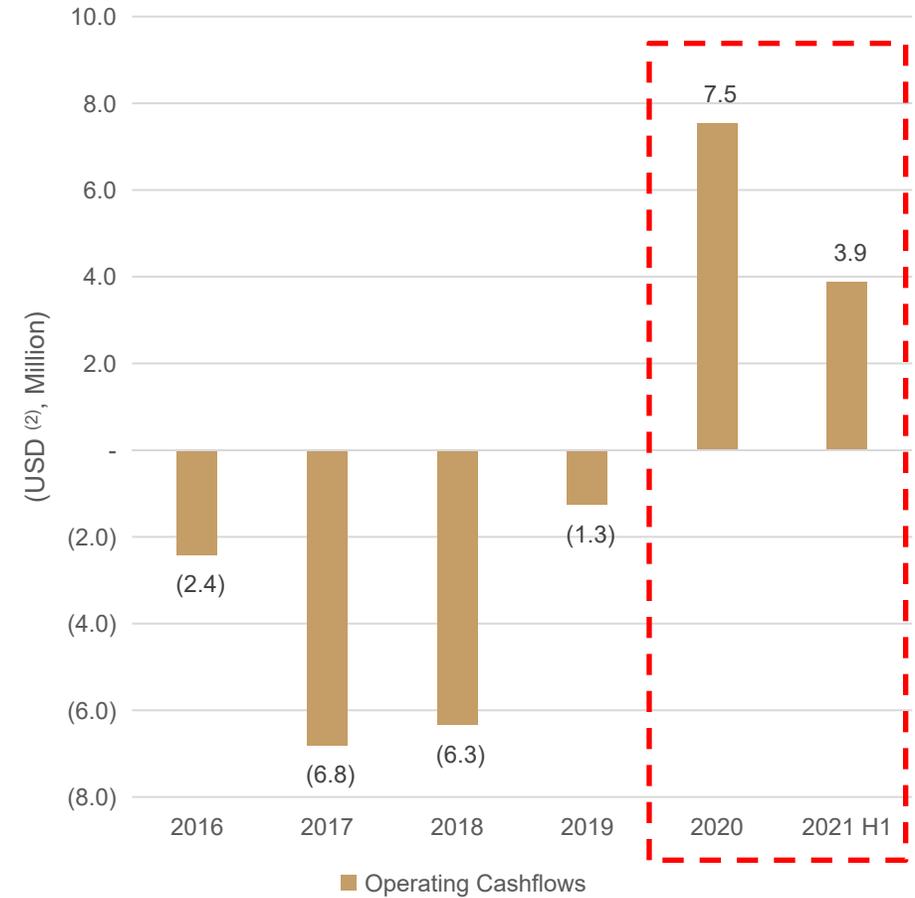

Summary of Historical Financials

2016 – 2020 ⁽¹⁾ Historical Revenue and Significant Growth Rate

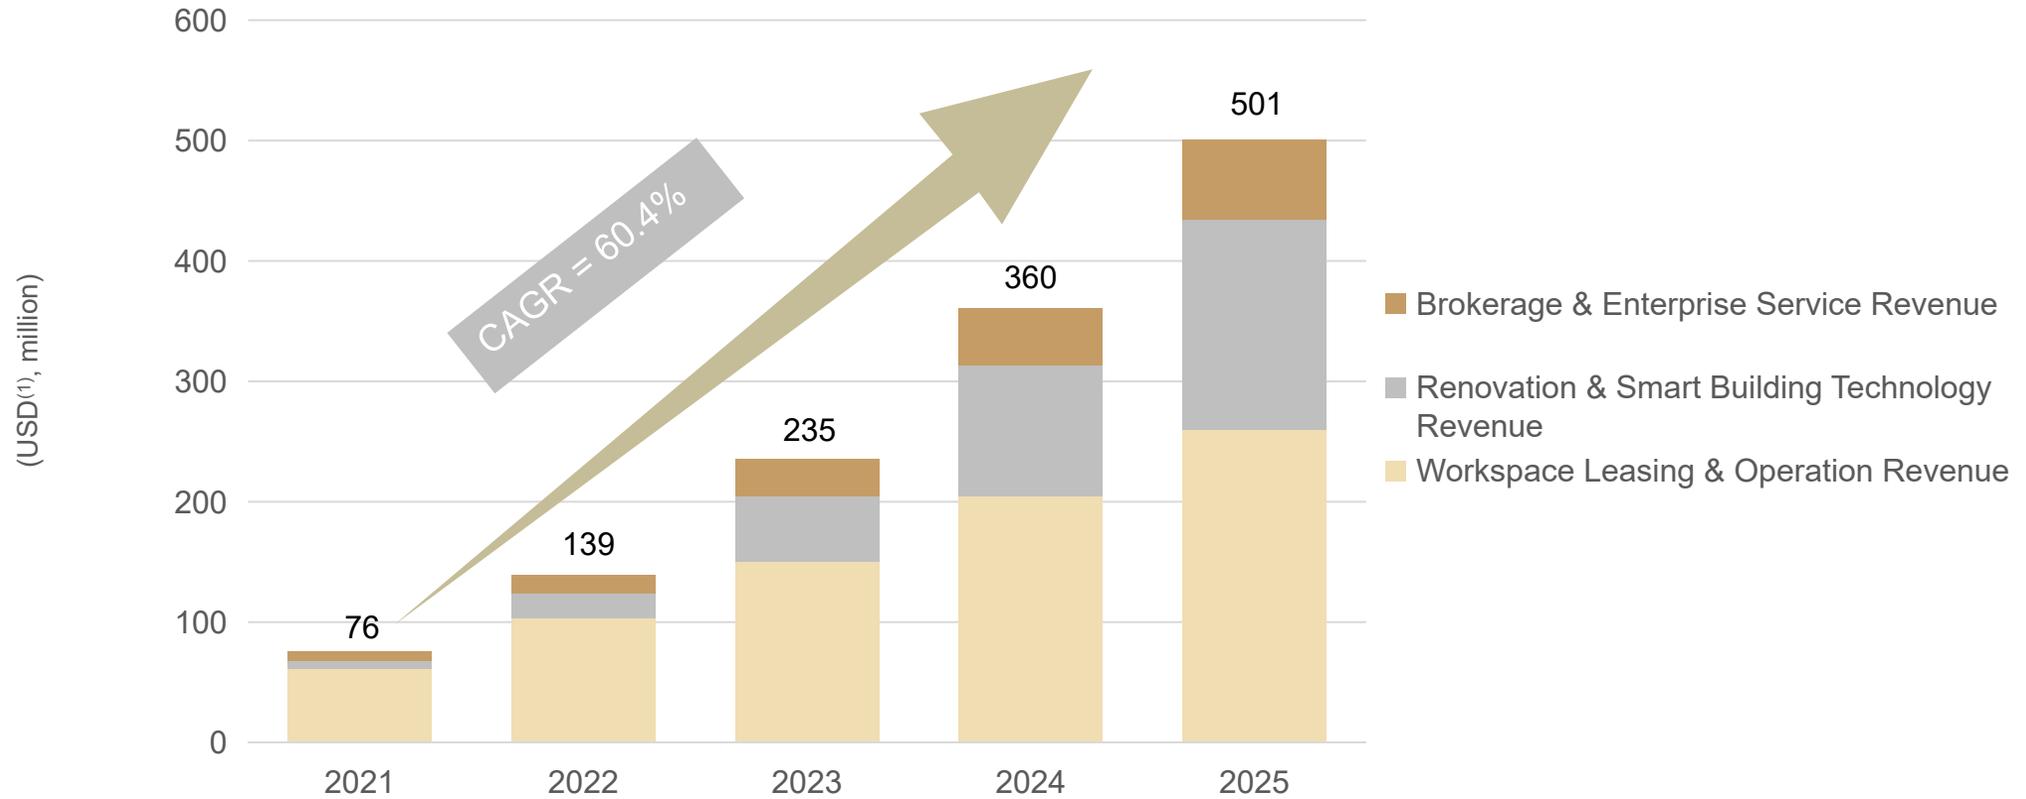

Operating Cash Flow Turned Positive in 2020 Amid the Expansion

Note: (1) The financials from 2016 to 2018 are compliant to PRC GAAP and financials of 2019 and 2020 are compliant to US GAAP
 (2) Assume exchange rate at 1 USD = CNY 6.45

Revenue Forecast

Steadily Growing Revenues with More Diverse Revenue Sources

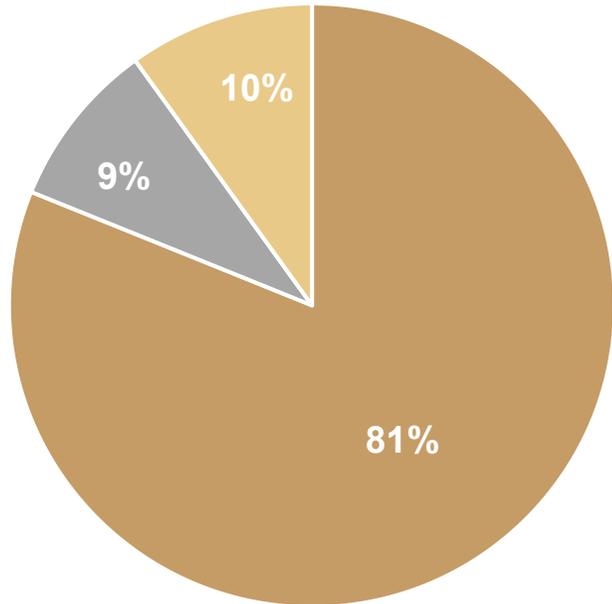

Note: (1) Assume exchange rate at 1 USD = CNY 6.45

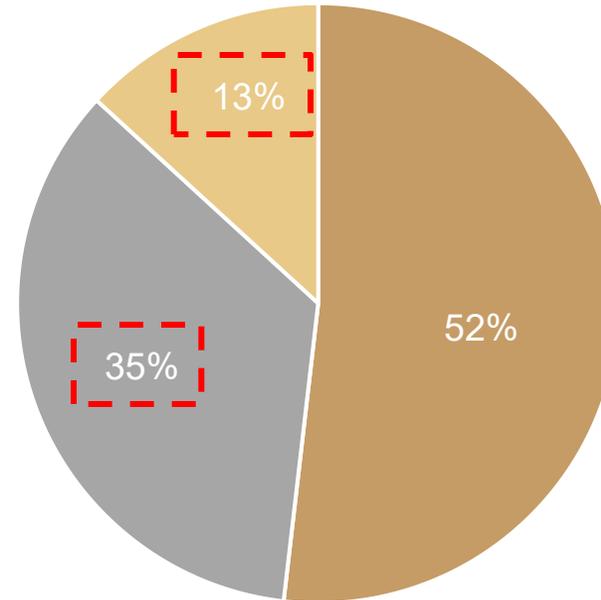

Revenue Composition

Increasing Composition of Renovation & Smart Building Tech and Brokerage & Enterprise Service

Revenue Composition as of 2021

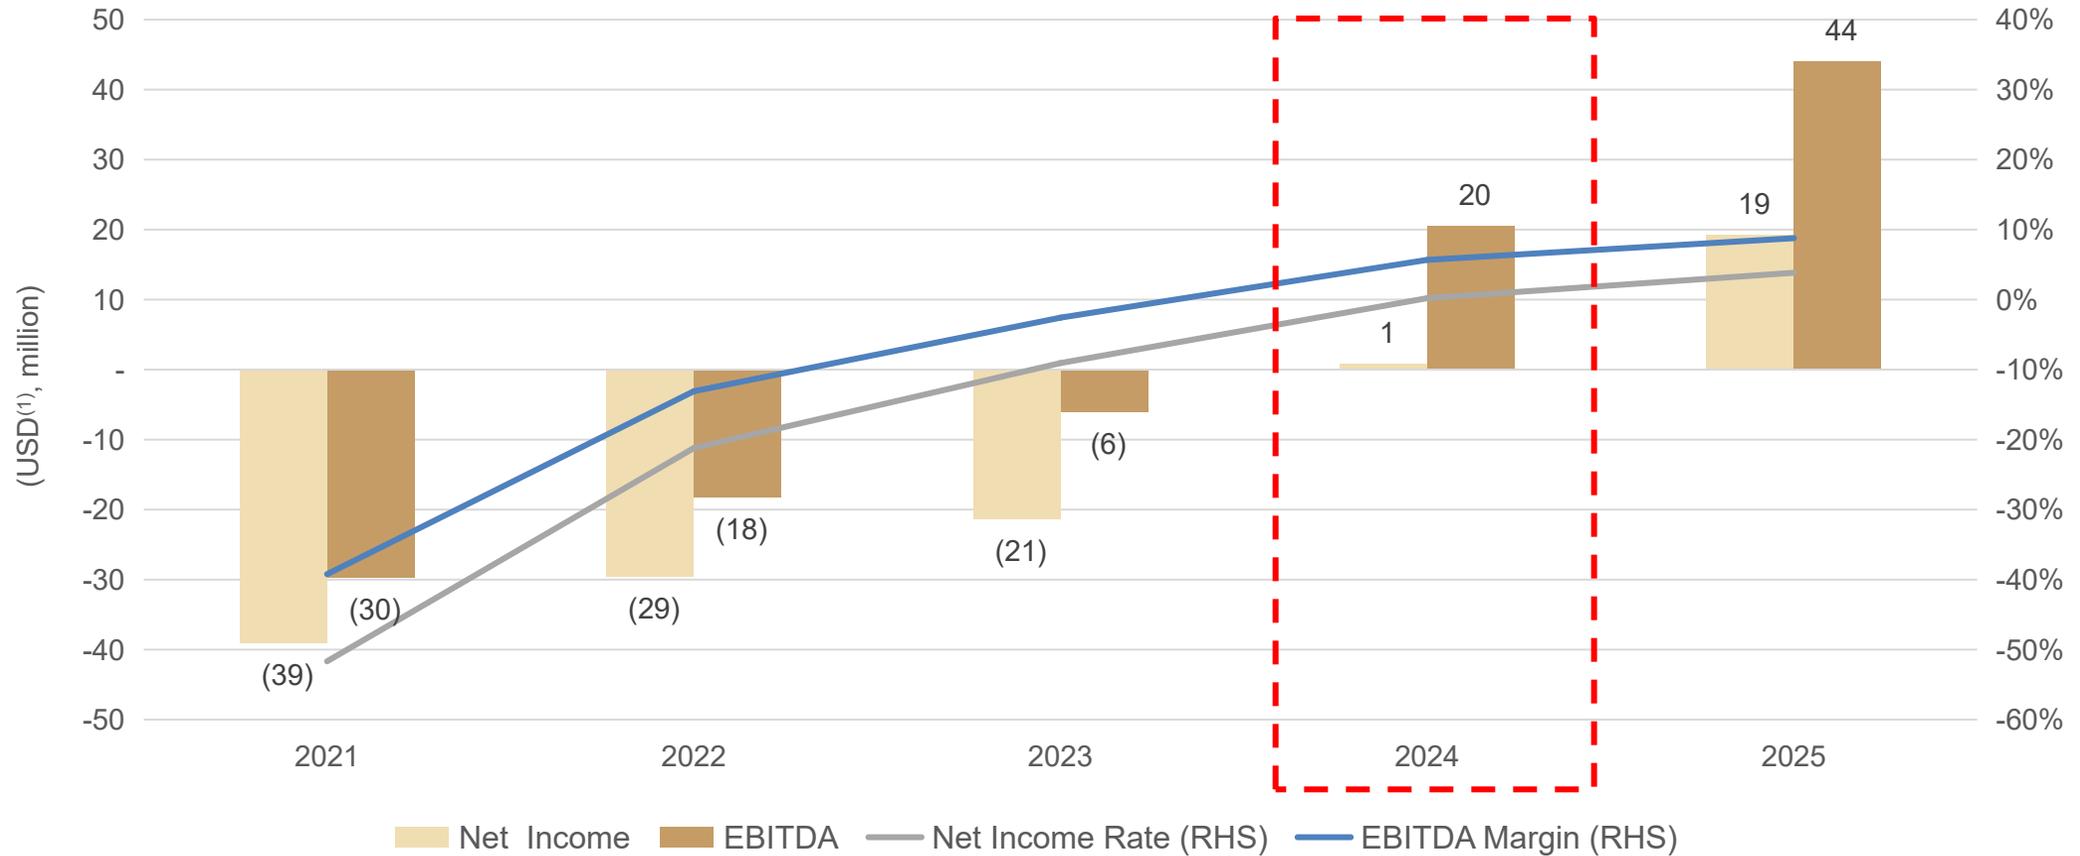

Projected Revenue Composition in 2025

- Workspace Leasing & Operation Revenue
- Renovation & Smart Building Technology Revenue
- Brokerage & Enterprise Service Revenue

Clear Path to Net Income and EBITDA Breakeven

Expected to achieve breakeven Net Income and EBITDA in 2024

Note: (1) Assume exchange rate at 1 USD = CNY 6.45
